INDIAN INSURANCE YEAR BOOK, 1934.

Report by the Government Actuary on the returns due for submission in 1934 under the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928.

The number of companies which are subject to the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928 is 341 of which 194 companies are constituted in India and 147 companies are constituted outside India. Of the 194 Indian companies, 74 are established in the Bombay Presidency, 36 in Bengal, 31 in the Madras Presidency, 22 in Punjab, 9 in Delhi, 7 in United Provinces., 5 in Bihar and Orissa, 4 in Central Provinces 3 in Ajmer-Merwara, and 1 each in Burma, Assam and North-West Frontier Province. Of the 147 non-Indian companies, 70 are constituted in the United Kingdom, 30 in the British Dominions and Colonies, 17 in the Continent of Europe, 16 in the United States of America, 9 in Japan and 5 in Java.

2. Most of the Indian companies carry on life assurance business only. They are 145 in number and of the remaining 49 Indian companies, 34 carry on life business along with other insurance business and 15 carry on insurance business other than life. Besides the Indian life offices, there are some pension funds, mostly connected with Government services, which are exempt from the operation of the Act and this publication contains no particulars relating to them. The Indian Post Office Insurance Fund is also exempt from the operation of the Act. Particulars relating to its business are stated in a separate paragraph and have not been included in any of the statistical information given in this publication in respect of the Indian life offices.

3. As regards non-Indian companies, most of them carry on insurance business other than life. Out of the total number of 147 non-Indian companies, 123 carry on insurance business other than life, 11 carry on life business only and 13 carry on life business along with other insurance business. Of the latter 24 companies, 16 are constituted in the United Kingdom, 6 in the British Dominions and Colonies and 1 each in Germany and Switzerland.

Ths lists of Indian and non-Indian companies published on pages 16—34 show the class or classes of insurance business transacted by each company in India.

New Life Assurance Companies.

4. Since the publication of the last Year Book, 28 Indian companies have been established with the object of transacting life assurance business. Of these

new companies, 8 have been established in the Bombay Presidency, 6 in Madras, 4 each in the United Provinces, Punjab and Bengal and 1 each in Central Provinces and North West Frontier Province. The table on pages 116—119 shows the paid-up capital of the Indian proprietary companies which transact life assurance business only and the rates of dividend declared by them during the last 10 years out of profits ascertained by actuarial valuations. It will be seen that, with the exception of the few oldest companies which have been transacting business for over 25 years, a large number of companies of over 10 years' standing have not yet been able to pay any dividend to their share-holders. The advent of a large number of new companies has resulted in intensifying the struggle for existence and forcing up expenses to uneconomic levels. Most of the companies of under 20 years' standing have not yet secured a footing and the indiscriminate flotation of new life assurance companies will not be conducive to the best interests of the enterprise in India, specially in view of the fact that more than 80 companies have been established in the last five years.

Dividing Insurance Business.

5. Some Indian companies transact life assurance business on the dividing plan under which the sum assured is not fixed but depends on the division of a portion of each year's premium income amongst the claims arising in that year. The main defect of dividing insurance business is that policy-holders in each class are charged the same rate of premium or subscription irrespective of their age on admission ranging even in some cases from 18 to 60 years. Business of this nature is not only unsound but is apt to lend itself to the practice of fraud on the part of policy-holders and agents and later on by the company. It has been declared to be the curse of insurance enterprise in India. Before the Act of 1912 was passed there were numerous companies which transacted dividing insurance business and most of them came to grief. Of such companies which were in existence at the time of the passing of the Act the majority have disappeared and some have stopped issuing policies on the dividing plan. A few new companies have taken up this dividing insurance business and it will not be long before they realise their mistake.

Particulars relating to dividing insurance business of Indian companies are given on page 144.

Life Assurance and Annuity Business.

6. The total new life assurance business (excluding business on the dividing plan) effected in India during the year 1933 amounted to 183 thousand policies assuring a sum of 33 crores and yielding a premium income of $1\frac{3}{4}$ crore, of which the new business done by Indian companies amounted to 155 thousand policies assuring a sum of 24 crores and having a premium income of $1\frac{1}{4}$ crore. The share of the British companies in respect of new sums assured is $3\frac{1}{2}$ crores, of the Dominion and Colonial companies 5 crores and of the single German company nearly $\frac{1}{2}$ crore. The average sum assured under the new

policies issued by Indian companies is Rs. 1,555 and under those issued by non-Indian companies Rs. 3,126.

7. The total life assurance business effected in India and remaining in force at the end of 1933 amounted to 867 thousand policies assuring a total sum of over 193 crores including reversionary bonus additions and having a premium income of $9\frac{2}{3}$ crores. Of this the share of Indian companies is represented by 636 thousand policies assuring a sum of 114 crores and having a premium income of $5\frac{1}{3}$ crores.

8. The total new annuity business effected during the year 1933 was for the amount of over a lakh per annum of which the share of Indian companies was eighteen thousand and of non-Indian companies eighty three thousand. The total annuity business remaining in force at the end of that year was for the amount of nearly 5 lakhs per annum, of which the amount payable by Indian companies was $1\frac{1}{2}$ lakh per annum.

Particulars relating to new business of 1933 and total business in force at the end of that year in respect of each Indian and non-Indian company are given on pages 36—51.

Indian Life Offices.

9. The total number of Indian life offices which are subject to the Indian Life Assurance Companies Act is 179 of which 138 are proprietary and 41 mutual. The following list shows the Indian life offices in existence in the different provinces of India arranged according to the year in which they were founded. The names of mutual companies are printed in *italics*.

Year of establishment.	Madras Presidency.	Bombay Presidency.	Bengal.	Punjab.	Other Provinces.

Indian Economic; Hukumchand Life.	Victory; Golden Eagle; New State of India; Saraswati.	All-India United (U. P.), Premier (B. & O.), Provincial Union (Delhi), Social Life (C. P.), Free India (U. P.), Indian Insurance (U. P.), Jwala Assurance (U. P.), Standard of India (N.-W. F. P.).
1935	Midland; South India Fire.	*Sind Central Provident*; Kaiser-i-Hind; Sind National Welfare; World Wide.	Mahabir; India Union; Jatiya Kalyan.	Muslim India	*Agra Mutual (U. P.)*

The list shows that of the 41 mutual companies, 17 were established before the Act of 1912 was passed and 24 have been established since then. Of the 138 proprietary companies, 17 were established before 1913 and 121 have been established since then.

10. Some Indian life offices have extended their operations outside India, mostly in British East Africa, Ceylon and Straits Settlements. The total new sums assured by these offices outside India in 1933 amounted to 74 lakhs yielding a premium income of 4½ lakhs and the total sums assured including reversionary bonus additions remaining in force at the end of 1933 amounted to 4½ crores having a premium income of 22½ lakhs.

11. The total new sums assured by Indian life offices in 1933 amounted to nearly 25 crores and exceeded the previous year's figure by over five crores. The following table shows the new business effected since 1924 in each year and the total business remaining in force at the end of the year :—

Year.	New business written during the year.	Total business emaining in force at the end of the year.
1924 ..	Rs. 6,89 Lakhs	Rs. 42 Crores.
1925 ..	,, 8,15 ,,	,, 47 ,,
1926 ..	,, 10,35 ,,	,, 53 ,,
1927 ..	,, 12,77 ,,	,, 60 ,,
1928 ..	,, 15,41 ,,	,, 71 ,,
1929 ..	,, 17,29 ,,	,, 82 ,,
1930 ..	,, 16,50 ,,	,, 89 ,,
1931 ..	,, 17,76 ,,	,, 98 ,,
1932 ..	,, 19,66 ,,	,, 106 ,,
1933 ..	,, 24,83 ,,	,, 119 ,,

12. The total deposit made by Indian life offices with the Controller of the Currency, under section 4 (1) of the Indian Life Assurance Companies Act, 1912, amounts to Government securities of the face value of Rs. 1,34,81,000, classified as under :—

Securities.	*Face Value.* Rs.
3 %	35,28,000
3½ %	56,95,000
4 %	20,65,000
4½ %	2,00,000
5 % and above	19,44,000
Post Office Cash Certificates	49,000
Total	1,34,81,000

The particulars relating to deposit made by the Indian life offices up to 31st December 1934 are published on pages 122—128.

13. The total life assurance income of the Indian companies exceeded the preceding year's income by one crore and 27 lakhs. The income during each of the last ten years was as follows :—

Rs. 2,90 lakhs in the year 1924.
Rs. 2,98 ,, ,, ,, ,, 1925.
Rs. 3,32 ,, ,, ,, ,, 1926.
Rs. 4,29 ,, ,, ,, ,, 1927.
Rs. 4,23 ,, ,, ,, ,, 1928.
Rs. 4,92 ,, ,, ,, ,, 1929.
Rs. 5,40 ,, ,, ,, ,, 1930.
Rs. 5,87 ,, ,, ,, ,, 1931.
Rs. 6,88 ,, ,, ,, ,, 1932.
Rs. 8,15 ,, ,, ,, ,, 1933.

14. The life assurance revenue accounts of the Indian companies for each being given in

Year.	Number of companies included.	Income.			Out		
		Permiums for life assurance and annuities.	Interest, dividends and rents *less* income-tax.	Other receipts.	Claims		Surrenders including bonuses in cash and in reduction of premiums.

* The column was introduced last year. Figures in respect thereof prior to 1932 are included in those given under the preceding heading.

16. The life assurance funds increased by over 3½ crores during 1933 and amounted to 28¾ crores at the end of that year. The average rate of interest earned on the life funds during the year was 5⅛ per cent.

The net rates of interest realised by the Indian life offices in each of the past five years are as follows :—

Year.	*1929.*	*1930.*	*1931.*	*1932.*	*1933.*
Rate of interest.	5·49	5·44	5·42	5·38.	5·17

Summaries of revenue accounts of Indian life offices are published on pages 54—91.

17. The present issue of the Year Book contains the results of the latest actuarial valuations of 57 Indian life offices. The majority of these companies have undergone more than one valuation. Of the remaining companies some transact business on the dividing plan which is not readily susceptible of actuarial valuation and the others have not yet reached the stage of having a valuation. The latest valuations disclosed a surplus in the case of 48 companies and deficit in the case of 9 companies. The total surplus amounted to 307 lakhs of which 267 lakhs was allocated to the policy-holders and 24 lakhs to the share-holders. In 6 out of 9 cases in which a deficit was disclosed, it was covered by the paid-up capital, thus proving solvency but precluding the payment of either bonus or dividend. In the remaining 3 cases it became necessary to call up more capital.

18. The valuation reports of the following 12 Indian companies have been received since the issue of the last Year Book.

Name of Company.	*Result of valuation.*
Andhra.	
Asiatic.	
Bombay Life.	
Bombay Co-operative.	
Bombay Mutual.	
East and West.	Divisible surplus.
General.	
Mangalore.	
Oriental.	
Taj.	
Crescent.	
Hindustani Bima	Deficit covered by paid-up capital.

Summaries of the latest valuation statements of Indian life offices are published on pages 130—142.

Post Office Insurance Fund.

19. This Fund was instituted by the Government of India in 1883 for the benefit of the postal employés but gradually admission to it has been thrown open to almost all classes of Government servants who are employed on civil duties.

The following are some of the important particulars relating to the business of the Fund during the three years 1932, 1933 and 1934 :—

Year ending 31st March.	New business effected during the year.			Total business remaining in force at the end of the year.		Total income.	Life assurance fund at the end of the year.
	Number of policies.	Total sums assured.	Total new premium income.	Number of policies.	Total sums assured and bonuses.		
1932 ..	6,484	98,15,000	4,28,000	83,165	15,88,89,000	81,38,000	4,91,47,000
1933 ..	4,215	81,17,000	3,80,000	84,726	16,24,39,000	84,24,000	5,39,00,000
1934 ..	5,292	1,05,90,000	4,93,000	87,494	17,36,47,000	88,43,000	5,93,78,000

20. The last valuation of the Fund was made as at 31st March 1932. It disclosed a surplus of Rs. 74 lakhs of which Rs. 47½ lakhs was allocated to the policy holders for payment of reversionary bonus at the rate of $1\frac{1}{5}$ per cent. per annum in the case of whole life as well as endowment assurances.

Summaries of revenue accounts of the Fund for the last five years are published on pages 82—83.

Fire, Marine and Miscellaneous Insurance Business.

21. The net Indian premium income of all companies under insurance business other than life assurance during 1933 was 2½ crores of which the Indian companies' share was 71 lakhs and that of the non-Indian companies 179 lakhs. The total amount is composed of—

128 lakhs from fire,

42 lakhs from marine and

80½ lakhs from miscellaneous insurance business.

The Indian companies received—

30⅓ lakhs from fire,

6¾ lakhs from marine, and

33¾ lakhs from miscellaneous insurance business.

These figures do not take into account the premium income, chiefly derived from miscellaneous insurance business, of Clive Insurance Company of Calcutta of which paticulars are not available.

The non-Indian companies received—

97⅔ lakhs from fire,

35 lakhs from marine, and

46⅔ lakhs from miscellaneous insurance business.

The distribution of this income amongst companies constitued in different countries is shown in the following table :—

Companies constituted in	Fire.	Marine.	Miscellaneous.	Total.
		(In thousands of rupees).		
United Kingdom	66,30	11,74	41,91	1,19,95
Dominions and Colonies	15,37	18,71	4,04	38,12
United States of America	8,88	2,82	..	11,70
Continent of Europe	5,49	99	58	7,06
Japan	1,27	53	10	1,90
Java	30	23	5	58

From the net figures given above it is not possible to form a correct estimate of the total business effected in India as a considerable portion of Indian business of both Indian and non-Indian companies is re-assured outside India.

22. The Indian companies which transact a substantial amount of fire or marine insurance business also operate outside India. These companies had a net premium income of nearly a crore in 1933 from business outside India, of which 56 lakhs was from fire, 21 lakhs from marine and 16 lakhs from miscellaneous insurance business.

Particulars of fire, marine and miscellaneous insurance business of Indian and non-Indian companies are given on pages 152—158.

Assets of Indian Companies.

23. The total assets of Indian companies amount to 36¼ crores. The bulk of the assets is invested in stock exchange securities which are shown in the accounts at a net value of 25 crores. Mortgages, loans on policies and on stocks and shares are shown at 4¾ crores ; land and house property are valued at 2 crores ; deposits, cash and stamps are shown at 1½ crore ; agents' balances and other outstanding items at 1¾ crore, and loans on personal security and other miscellaneous assets at 1¼ crore. Investments of Indian companies outside India consist mainly of stock exchange securities and amount to over half a crore.

Summary of balance-sheets of Indian companies as at the end of the year 1933 is published on pages 93—113.

Summary of balance-sheets of Indian companies as at the end of the year 1934, as far as available, is also published on pages 160—168.

Indian Assets of non-Indian Companies.

24. The total assets in India of non-Indian companies amount to 41 crores. The bulk of this amount—35 crores—represents the Indian assets of companies constituted in the United Kingdom and 5¾ crores those of companies constituted in the Dominions and Colonies. The Indian assets of the American companies amount to 2 lakhs, those of the Continental companies to 12 lakhs, of the Japanese to 9 lakhs and of the Javanese to 3 thousand only. Out of this total amount of 41 crores, 36¾ crores represent Indian assets of companies which carry on life assurance business in India either solely or along with other insurance business. The Indian assets of these companies are shown on page 50. The Indian assets of other non-Indian companies are shown on pages 153—158.

N. MUKERJI,
Actuary to the Government of India.

Simla ;
The 1st July 1935.

INDIAN INSURANCE YEAR BOOK, 1935.

Report by the Government Actuary on the Returns due for submission in 1935 under the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928.

The number of companies which are subject to the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928 is 366 of which 217 companies are constituted in India and 149 companies are constituted outside India. Of the 217 Indian companies, 61 are established in the Bombay Presidency, 41 in Bengal, 37 in the Madras Presidency, 29 in Punjab, 14 in Sind, 10 each in Delhi and United Provinces, 4 in Bihar 5 in Central Provinces, 3 in Ajmer-Merwara, and 1 each in Burma, Assam and North-West Frontier Province. Of the 149 non-Indian companies, 69 are constituted in the United Kingdom, 30 in the British Dominions and Colonies, 20 in the Continent of Europe, 16 in the United States of America, 9 in Japan and 5 in Java.

2. Most of the Indian companies carry on life assurance business only. They are 165 in number and of the remaining 52 Indian companies, 36 carry on life business along with other insurance business and 16 carry on insurance business other than life. Besides the Indian Life Offices, there are some pension funds, mostly connected with Government services, which are exempt from the operation of the 1912 Act and this publication contains no particulars relating to them. The Indian Post Office Insurance Fund is also exempt from the operation of that Act. Particulars relating to its business are stated in a separate paragraph and have not been included in any of the statistical information given in this Report in respect of the Indian Life Offices.

3. As regards non-Indian companies, most of them carry on insurance business other than life. Out of the total number of 149 non-Indian companies, 125 carry on insurance business other than life, 11 carry on life business only and 13 carry on life business along with other insurance business. Of the latter 24 companies, 16 are constituted in the United Kingdom, 6 in the British Dominions and Colonies and 1 each in Germany and Switzerland.

The lists of Indian and non-Indian companies published on pages 16—36 show the class or classes of insurance business transacted by each company in India.

New Life Assurance Companies.

4. Since the publication of the last Year Book, 26 Indian companies have been established with the object of transacting life assurance business. Of these new companies, 5 have been established in the Bombay Presidency, 7 in Punjab,

6 in Madras, 3 each in the United Provinces and Bengal, and 1 each in Central Provinces and Delhi. During the last five years, the number of new life assurance companies formed in India is approximately 100. The remarks made in previous issues of this Year Book as to the need for and prospects of such companies have been ineffective to stem an uneconomic increase. During recent years 13 companies have gone into liquidation mainly on account of failure to secure adequate business.

The table on pages 108—113 shows the paid-up capital of the Indian proprietary companies which transact life assurance business only and the rates of dividend declared by them during the last 10 years out of profits ascertained by actuarial valuations.

Dividing Insurance Business.

5. Some Indian companies transact life assurance business on the dividing plan under which the sum assured is not fixed but depends on the division of a portion of each year's premium income amongst the claims arising in that year. The defects of dividing insurance business have been explained at length in the previous issues of the Year Book and hardly need repetition. Most of the companies which transacted dividing insurance business realised that they could not continue this business for a long time. It is accordingly highly essential that those companies which still transact this class of business should stop it forthwith and consult actuaries with a view to converting their existing business into ordinary life assurance business on sound principles.

Particulars relating to dividing insurance business of Indian companies are given on page 50.

Life Assurance and Annuity Business.

6. The total new life assurance business (excluding business on the dividing plan) effected in India during the year 1934 amounted to 215 thousand policies assuring a sum of 38 crores and yielding a premium income of 2 crores, of which the new business done by Indian companies amounted to 183 thousand policies assuring a sum of 28 crores and having a premium income of about 1½ crore. The share of the British companies in respect of new sums assured is 4 crores, of the Dominion and Colonial companies 5½ crores and of the single German company ½ crore. The average sum assured under the new policies issued by Indian companies is Rs. 1,528 and under those issued by non-Indian companies Rs. 3,213.

7. The total life assurance business effected in India and remaining in force at the end of 1934 amounted to 987 thousand policies assuring a total sum of 215 crores including reversionary bonus additions and having a premium income of 10½ crores. Of this the share of Indian companies is represented by 742 thousand policies assuring a sum of 132 crores and having a premium income of 6 crores.

8. The tota new annuity business effected during the year 1934 was for the amount of 2¾ lakhs per annum of which the share of Indian companies was Rupees ten thousand per annum. The total annuity business remaining in force at the end of that year was for the amount of 6½ lakhs per annum, of which the amount payable by Indian companies was over a lakh per annum.

Particulars relating to new business of 1934 and total business in force at the end of that year in respect of each Indian and non-Indian company are given on pages 38—57.

Indian Life Offices.

9. The total number of Indian Life Offices which are subject to the Indian Life Assurance Companies Act is 201 of which 159 are proprietary and 42 mutual. The following list shows the Indian Life Offices in existence in the different provinces of India arranged according to the year in which they were founded. The names of mutual companies are printed in *italics*.

Year of establishment.	Madras Presidency.	Bombay Presidency.	Bengal.	Punjab.	Other Provinces.

P.)*; Bharati Bima (U.P.); Adarsha Bima (U. P.).
1936	Mother India.	Great Home; Good Will.	Insurance of India; Indian Prudential; National Mercantile.	Glory; Indian Insurance Corporation; India Oriol.	Central Mutual Benefit (C. P.); Sylvan Star (Delhi).

The list shows that of the 42 mutual companies, 17 were established before the Act of 1912 was passed and 25 have been established since then. Of the 159 proprietary companies, 17 were established before 1913 and 142 have been established since then.

10. Some Indian Life Offices have extended their operations outside India, mostly in British East Africa, Ceylon and Straits Settlements. The total new sums assured by these Offices outside India in 1934 amounted to 94 lakhs yielding a premium income of 6 lakhs and the total sums assured including reversionary bonus additions remaining in force at the end of 1934 amounted to 5 crores having a premium income of 25 lakhs.

11. The total new sums assured by Indian Life Offices in 1934 amounted to nearly 29 crores and exceeded the previous year's figure by over four crores. The following table shows the new business effected since 1925 in each year and the total business remaining in force at the end of the year :—

Year.	New business written during the year.	Total business remaining in force at the end of the year.
1925 ..	Rs. 8,15 Lakhs	Rs. 47 Crores.
1926 ..	„ 10,35 „	„ 53 „
1927 ..	„ 12,77 „	„ 60 „
1928 ..	„ 15,41 „	„ 71 „
1929 ..	„ 17,29 „	„ 82 „
1930 ..	„ 16,50 „	„ 89 „
1931 ..	„ 17,76 „	„ 98 „
1932 ..	„ 19,66 „	„ 106 „
1933 ..	„ 24,83 „	„ 119 „
1934 ..	„ 28,92 „	„ 137 „

12. The particulars of Government securities deposited by Indian Life Offices under section 4(1) of the Indian Life Assurance Companies Act, 1912, were published in the last two issues of the publication, firstly, for the information of the public in view of the fact that frequent enquiries were being received as to the amounts of deposit made by the companies and, secondly, to give a warning to the companies who were in arrears in respect of deposit. As the warning did not have the desired effect in the case of certain companies, notices of default under section 34 of the Act were served on 21 companies and the Local Governments concerned were asked to launch prosecutions against 11 of such companies which failed to remedy the default. It is gratifying to note that as a result of this action, 4 companies have already made up the arrears of deposit and other companies are making serious efforts to make good the deposit and it is hoped that they will be able to do so are long.

The total deposit made by Indian Life Offices up to 31st December 1935, amounted to Government securities of the face value of Rs. 1,53,91,000, classified as under :—

Securities.	*Face Value.*
	Rs.
3 %	38,67,000
3½ %	67,14,000
4 %	23,26,000
Above 4 %	23,51,000
Post Office Cash Certificates*	1,33,000
Total	1,53,91,000

The particulars relating to deposit made by the Indian Life Offices up to 31st December 1935 are published on pages 116—123.

13. The total life assurance income of the Indian companies exceeded the preceding year's income by 19 lakhs. The income during each of the last ten years was as follows :—

Rs. 2,98	lakhs	in	the	year	1925.
Rs. 3,32	,,	,,	,,	,,	1926.
Rs. 4,29	,,	,,	,,	,,	1927.
Rs. 4,23	,,	,,	,,	,,	1928.
Rs. 4,92	,,	,,	,,	,,	1929.
Rs. 5,40	,,	,,	,,	,,	1930.
Rs. 5,87	,,	,,	,,	,,	1931.
Rs. 6,88	,,	,,	,,	,,	1932.
Rs. 8,15	,,	,,	,,	,,	1933.
Rs. 8,34	,,	,,	,,	,,	1934.

* Post Office Cash Certificates have since ceased to constitute Government securities within the meaning of section 2 (*a*) of the Indian Securities Act, 1920, and as such, they cannot be accepted for deposit in terms of section 4 (1) of the Indian Life Assurance Companies Act, 1912.

14. The life assurance revenue accounts of the Indian companies for each being given in

Year.	Number of companies included.	Income.			Out		
		Permiums for life assurance and annuities.	Interest, dividends and rents *less* income-tax.	Other receipts.	Claims		Surrenders including bonuses in cash and in reduction of premiums.
					By death.	By survivance.

* The column was introduced year befor last. Figures in respect thereof prior to 1932 are included in those given under the preceding heading.

16. The life assurance funds increased by over 3 crores during 1934 and amounted to nearly 32 crores at the end of that year. The average rate of interest earned on the life funds during the year was 5 per cent.

The net rates of interest realised by the Indian Life Offices in each of the past five years are as follows :—

Year.	*1930.*	*1931.*	*1932.*	*1933.*	*1934.*
Rate of interest.	5·44	5·42	5·38	5·17	5·08

Summaries of revenue accounts of Indian Life Offices for the last 5 years including those for 1935, as far as available, are published on pages 60—105.

17. The present issue of the Year Book contains the results of the latest actuarial valuations of 68 Indian Life Offices. The majority of these companies have undergone more than one valuation. Of the remaining companies, some transact business on the dividing plan which is not readily susceptible of actuarial valuation and the others have not yet reached the stage of having a valuation. The latest valuations disclosed a surplus in the case of 56 companies and deficit in the case of 12 companies. The total surplus amounted to 332 lakhs of which 288 lakhs was allocated to the policy-holders and 26 lakhs to the share-holders. In 6 out of 12 cases in which a deficit was disclosed, it was covered by the paid-up capital, thus proving solvency but precluding the payment of either bonus or dividend. In the remaining 6 cases it became necessary either to call up more capital or to alter the policy contracts.

18. The valuation reports of the following 28 Indian companies have been received since the issue of the last Year Book :—

Name of Company.	*Result of valuation.*
Aryan Life.	Divisible surplus.
Ashok.	
Bengal Insurance.	
Bharat.	
Christian Mutual.	
Commonwealth.	
Dawn.	
Depositors Benefit.	
East India.	
Goan Mutual.

Indian Ordnance.	
Metropolitan.	
Nagpur Pioneer.	
National.	
National Indian.	
Northern India.	
Popular.	
Simla Mutual.	
Himalaya.	Deficit covered by available paid-up capital.
Shree Life.	
Swadeshi Bima.	
Postal & R.M.S.	Deficit covered by reducing the benefits assured under the policy contracts.
Bengal Mercantile.	Deficit not covered by available paid-up capital.
Light of Asia.	
Unique.	
Venus.	

Summaries of the latest valuation statements of Indian Life Offices are published on pages 126—141.

Post Office Insurance Fund.

19. This Fund was instituted by the Government of India in 1883 for the benefit of the postal employés but gradually admission to it has been thrown open to almost all classes of Government servants who are employed on civil duties.

The following are some of the important particulars relating to the business of the Fund during the three years 1933, 1934 and 1935 :—

Year ending 31st March.	New business effected during the year.			Total business remaining in force at the end of the year.		Total income.	Life assurance fund at the end of the year.
	Number of policies.	Total sums assured.	Total new premium income.	Number of policies.	Total sums assured and bonuses.		
1933 ..	4,215	81,17,000	3,80,000	84,726	16,24,39,000	84,24,000	5,39,00,000
1934 ..	5,292	1,05,90,000	4,93,000	87,494	17,36,47,000	88,43,000	5,93,78,000
1935..	4,835	1,03,65,000	4,93,000	89,522	17,88,56,000	92,83,000	6,40,92,000

20. The last valuation of the Fund was made as at 31st March 1932. It disclosed a surplus of Rs. 74 lakhs of which Rs. 47½ lakhs was allocated to the policy holders for payment of reversionary bonus at the rate of $1\frac{1}{5}$ per cent. per annum in the case of whole life as well as endowment assurances.

Summaries of revenue accounts of the Fund for the last five years are published on pages 94—95.

Fire, Marine and Miscellaneous Insurance Business.

21. The net Indian premium income of all companies under insurance business other than life assurance during 1934 was nearly 2½ crores of which the Indian companies' share was 54 lakhs and that of the non-Indian companies 193 lakhs. The total amount is composed of—

135 lakhs from fire,

44 lakhs from marine and

68 lakhs from miscellaneous insurance business.

The Indian companies received—

$29\frac{3}{5}$ lakhs from fire,

$7\frac{2}{5}$ lakhs from marine, and

17 lakhs from miscellaneous insurance business. This figure does not include the premium income under business analogous to life business carried on by Indian companies on the dividing principle.

These figures do not take into account the premium income, chiefly derived from miscellaneous insurance business, of Clive Insurance Company of Calcutta of which particulars are not available.

The non-Indian companies received—

$105\frac{2}{5}$ lakhs from fire,

37 lakhs from marine, and

$50\frac{2}{3}$ lakhs from miscellaneous insurance business.

The distribution of this income amongst companies constituted in different countries is shown in the following table :—

Companies constituted in	Fire.	Marine.	Miscellaneous.	Total.
		(In thousands of rupees).		
United Kingdom	71,27	12,23	44,96	1,28,46
Dominions and Colonies	15,24	20,24	4,88	40,36
United States of America	10,50	2,19	..	12,69

Japan	97	69	11	1,77
Java	42	25	6	73

From the net figures given above it is not possible to form a correct estimate of the total business effected in India as a considerable portion of Indian business of both Indian and non-Indian companies is re-insured outside India.

22. The Indian companies which transact a substantial amount of fire or marine insurance business also operate outside India. These companies had a net premium income of 89 lakhs in 1934 from business outside India.

Particulars of fire, marine and miscellaneous insurance business of Indian and non-Indian companies are given on pages 152—159.

Assets of Indian Companies.

23. The total assets of Indian companies amount to $40\frac{2}{5}$ crores. The bulk of the assets is invested in stock exchange securities which are shown in the accounts at a net value of $27\frac{3}{4}$ crores. Mortgages, loans on policies and on stocks and shares are shown at $5\frac{1}{2}$ crores ; land and house property are valued at $2\frac{1}{5}$ crores ; deposits, cash and stamps are shown at $1\frac{3}{4}$ crore ; agents' balances and other outstanding items at 2 crores, and loans on personal security and other miscellaneous assets at $1\frac{1}{5}$ crore.

Summary of balance-sheets of Indian companies as at the end of the year 1934 is published on pages 162—185.

Summary of balance-sheets of Indian companies as at the end of the year 1935, as far as available, is also published on pages 188—196.

INDIAN ASSETS OF NON-INDIAN COMPANIES.

24. The total assets in India of non-Indian companies amount to 44 crores. The bulk of this amount—37 crores—represents the Indian assets of companies constituted in the United Kingdom and $6\frac{3}{4}$ crores those of companies constituted in the Dominions and Colonies. The Indian assets of the American companies amount to 2 lakhs, those of the Continental companies to 17 lakhs, of the Japanese to 10 lakhs and of the Javanese to 2 thousand only. Out of this total amount of 44 crores, $39\frac{3}{5}$ crores represent Indian assets of companies which carry on life assurance business in India either solely or along with other insurance business. The Indian assets of these companies are shown on page 56. The Indian assets of other non-Indian companies are shown on pages 153—159.

RETURNS FOR 1935.

25. It might appear that there has been undue delay in the publication of the Year Book but it must be borne in mind that most of the Indian companies close their financial year on 31st December and as they are allowed a period of six months after the close of the financial year for the submission of their annual account and one year in the case of their valuation statements, and often require extension of those periods, it is not possible to publish these summaries and statements much earlier. Moreover, the returns in several cases, specially of those of a large number of new companies which have come into existence n recent years, are not received in the forms in which they could be accepted by Government and are accordingly the subject of long correspondence, and n some cases have not yet been finally determined even up to the time of writing this Report. Summaries of revenue accounts of Indian life assurance companies and of balance-sheets of Indian insurance compaines for 1935 have, however, been incorporated in this issue as far as available and it is proposed to issue a supplementary edition of the publication as early as possible, giving full particulars of the insurance companies working in British India for the year 1935.

N. MUKERJI,

Actuary to the Government of India.

SIMLA ;

The 4th August 1936

LIST OF INDIAN INSURANCE COMPANIES.
